

iCom

Innovation Over Adaption

iCom, the Outperformer

- High performance SMD design
- Efficacy up to 150lm/W
- Electrical: 100-240Vac/100-277Vac/277-488Vac, 50-60Hz, PF ≥ 0.95
- LED Lifespan > 50,000 hours (Ta=30°C@L70)
- Energy savings up to 90%, (depending on installation and usage patterns)
- CCT: 5000K, 4000K, 3000K
- CRI > Ra80
- Beam angle: 30°, 50°, 60°, 90° and 120° optional.
- Superior uniformity
- Superior temperature stability
- Temperature tested at toughest conditions
- Meanwell driver
- Tempered safety glass diffuser
- Operating range -30~+50°C
- Body: Aluminium alloy
- Stainless steel screws
- IP65 protection rating
- 5 years warranty

iCom optional extras

- Occupancy Control
- DALI Control
- ZigBee Wireless Control
- 1-10V dimming control
- Daylight Sensor Control
- Alternative mounting brackets

iCom Product Range

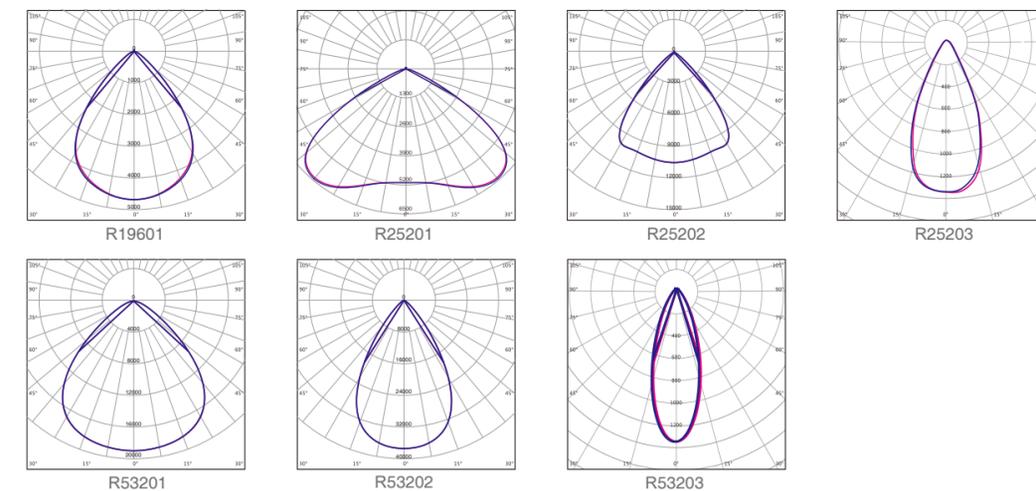

Part Number	RB01-50	RB01-70	RB01-90	RB01-100	RB01-120	RB01-150	RB01-200	RB01-100	RB01-120	RB01-150	RB01-200	RB01-240	RB01-300
Lumen Output	6,250lm	8,750lm	11,700lm	13,000lm	15,600lm	19,500lm	26,000lm	15,000lm	18,000lm	22,500lm	30,000lm	32,400lm	40,500lm
Wattage	50W	70W	90W	100W	120W	150W	200W	100W	120W	150W	200W	240W	300W
Luminous Efficacy	125lm/W		130lm/W				150lm/W				135lm/W		
CCT	3000K, 4000K, 5000K												
CRI	>Ra70, >Ra80												
Beam Angle	90°, 120°		50°, 90°, 120°				60°, 90°, 120°, 30°(300W)						
Input Voltage	100-240Vac/100-277Vac/277-488Vac 50-60Hz PF ≥ 0.93												
IP Rating	IP20		IP65										
LED Driver	Meanwell												
HID Equivalent	120W	160W	230W	250W	250-400W	400-600W	700W	250W	250-400W	400-600W	700W	800W	1000W
Certification	CE, CB, SAA, DLC, RoHS, ENEC, GS, DMARK, SASO, EMC,UL												

Control Options

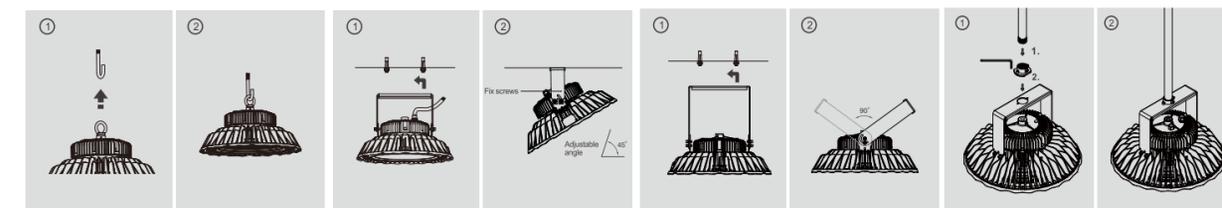

Add to the product part numbers to include these control options

Occupancy Control	DALI Control	1-10V Dimming Control	Zigbee Wireless Control	Daylight Sensor Control

iCom, the Outperformer

The high performance, high efficiency, guaranteed quality LED high bay

The move to LED highbays is on. The energy savings and maintenance benefits are significant, especially if you choose the right alternative. iCom is the right alternative.

iCom, the right alternative

iCom is an innovation in LED high bay lighting. Thinking outside the square, Our designers have rejected COB for a smarter SMD design providing a smaller, lighter, and more powerful solution.

Reliability by design

A long maintenance free life is a vital value of LED, and heat management governs LED life. iCom's superior temperature management, supported by the use of under driven, high specification components means HiCloud is perfect for even the toughest conditions.

Reliability guaranteed

iCom's inherent reliability is ensured by rigorous production line inspection and testing, and thorough burn-in procedures. We're so confident with iCom, we'll gladly provide a five year warranty.

Immediate Availability

Our partner is the only LED High Bay manufacturer to keep stock. Nowhere else can buy products straight off the shelf. Samples and small quantities can usually be despatched in 1 to 2 weeks.

Product selection – forget the guess work

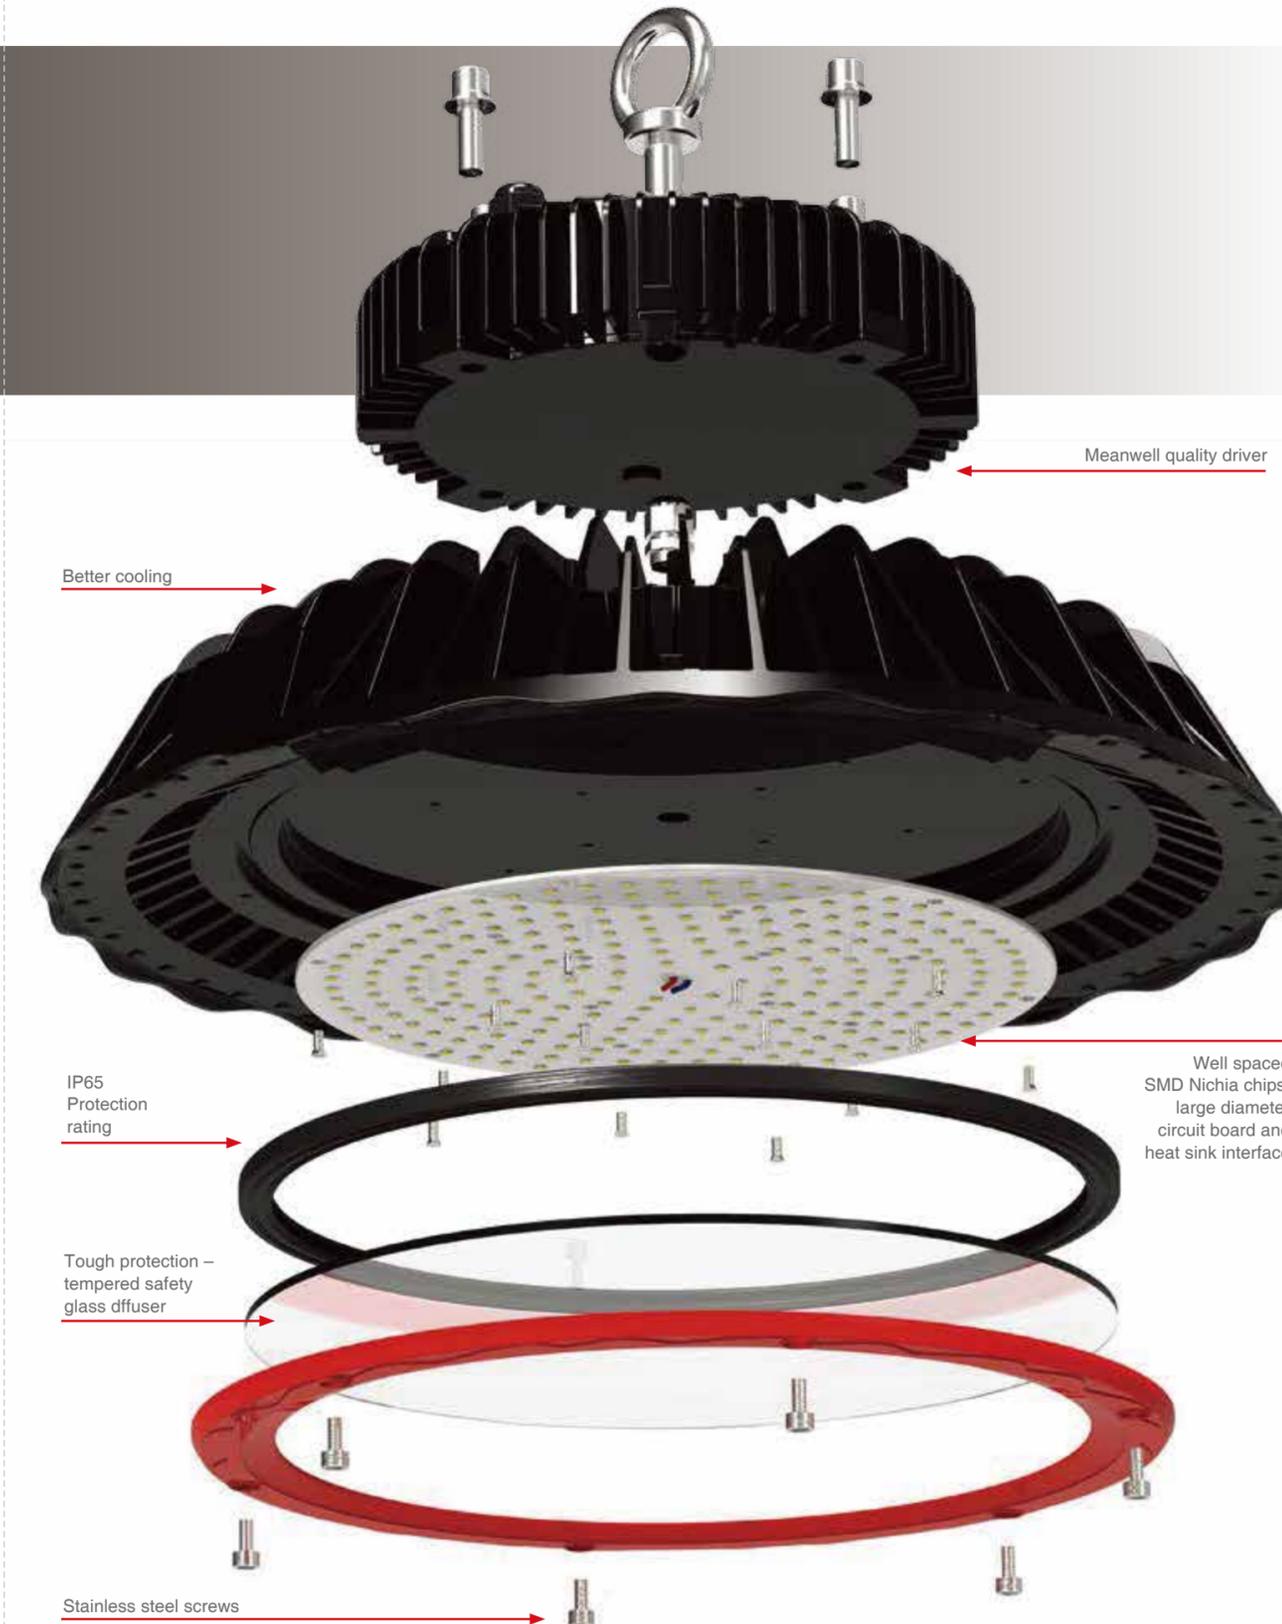

Correct product selection is vital for the best lighting and financial outcomes. Don't wrestle with the direct equivalent dilemma. Go to agled.com and request a photometric simulation for your installation. Insert the details and we'll send you a detailed recommendation, a recommendation you can be certain will provide the required uniformity and lux levels. Technical Data Sheets and IES photometry files are also available on request.

Superior payback, long term asset

The expense of a quality LED solution can often be recovered in a little as two years depending on usage patterns and power prices. From that point forward, the savings go straight to the bottom line. Those savings continue for many years, theoretically, as long as 23 years for a typical business profile. Have a look at the ROI page at agled.com or send us the details and we'll estimate it for you.

iCom, the range, the options

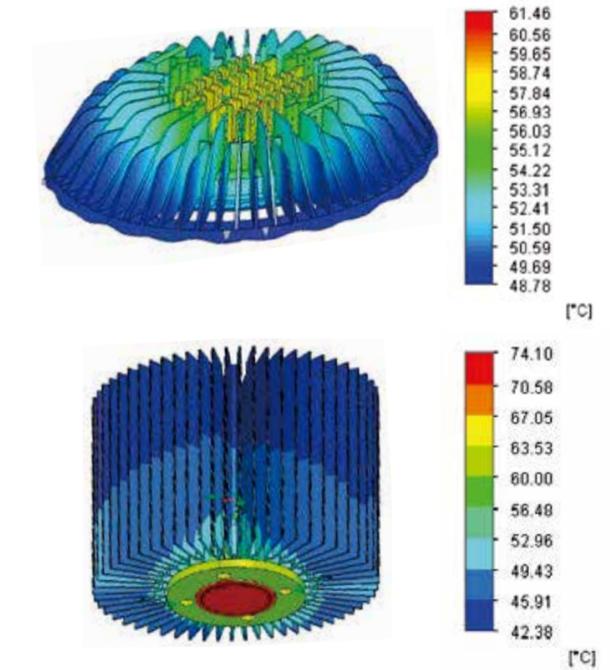

iCom mainly offers ratings from 6,250lm to more than 40,500lm to match almost any application, each one rated IP65. The standard beam angle is 120°, 90°, 60° with 50° also available as required. Other options include Occupancy control, DALI 1-10V dimming, ZigBee, Daylight sensor Control. Occupancy Control can increase energy savings to as high as 90%. It ensures iCom are only 'on' when someone is present and then only to increase the light to a preset desired level.

iCom

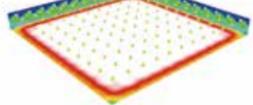

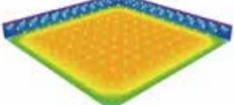

Superior thermal management

An even heat distribution and lower temperature rise

Superior lighting performance

Outperforms conventional LED high bay designs
